

Unlawful Internet Gambling Notice

In compliance with the Unlawful Internet Gambling Enforcement Act of 2006 (UIGEA) and implementing regulations (Regulation GG) issued by the Board of Governors of the Federal Reserve System and the United States Department of Treasury, certain transactions are prohibited within your account. Our financial institution is required to notify our commercial customers of this prohibition.

"Unlawful Internet gambling" is defined in UIGEA as placing, receiving, or otherwise knowingly transmitting a bet or wager by any means which involves the use, at least in part, of the Internet where such bet or wager is unlawful under any applicable Federal or State law in the State or Tribal lands in which the bet or wager is initiated, received, or otherwise made.

Regulation GG prohibits restricted transactions in your account. "Restricted transactions" are defined in Regulation GG to be transactions in which funds are knowingly accepted by gambling businesses in connection with participation by others in unlawful Internet gambling. Restricted transactions are prohibited from being processed through any account you hold with our institution. Restricted transactions generally include, but are not limited to, those in which credit, electronic fund transfers, checks, debit card or credit card transactions, or drafts are knowingly accepted by gambling businesses in connection with the participation by others in unlawful Internet gambling. Internet gambling will generally be considered to be unlawful unless verifiable authorization is obtained by an appropriate State or Tribal authority.

We may block or reject any restricted transactions or close any account we believe is in receipt of such transactions. If this doesn't apply to your business, no action is required. Contact us for further details.
